

The LiRo Group

# Newark International Airport Rehabilitation and Restoration of Assisted Toilets in Terminal B

Newark, NJ

**Client:**

Port Authority of NY & NJ  
JFK International Airport,  
Building 111, Jamaica,  
NY 11430

**Total Project Cost:**

\$810,000

**Completion Date:**

2001

**Project Overview:**

LiRo provided design for  
toilets at Newark  
International Airport  
(PANYNJ,, \$810K,  
2001)

LiRo was engaged for the design, preparation of construction documents and construction administration services for three new passenger assisted unisex toilets, rehabilitation of three men and women employee toilets and one additional employee toilet at Terminal B at Newark Airport. It was necessary to coordinate access to toilets, maintain public safety and ensure full airport operations during construction.
