

## Senior Vice President

**Lawrence Roberts, CPA** has served as LiRo's Chief Financial Officer since 1999 and has over 29 years of experience. He holds a BS in Accounting from SUNY Albany and obtained his CPA license in 1975. Larry is a member of the Company's Executive Committee and is responsible for: LiRo's cash management and financial reporting; accounting, legal and human resources departments; banking relationships; benefit programs; business insurance program; and, personnel policies and administrative procedures.

## Senior Associate

**Michael P. Bendetti, P.E.** has been with LiRo for over 19 years and has worked on a variety of projects for the NYC Department of Design and Construction. In addition, he has worked as Project Manager on several ongoing projects for the Suffolk County Department of Public Works. He is a graduate from The Cooper Union School of Engineering.

**Anthony Caggiano** has over 40 years of A/E/C experience and has been with LiRo for over 14 years. He has performed work at over 350 facilities in the tri state area, including over 100 fire department projects. Anthony holds a BS from City College of New York.

**Edward Frysztacki, P.E., C.C.E.** has over 30 years of experience. In his 16 years with LiRo, he has worked in both our Construction Management and Design Divisions. Ed currently serves as Chief Estimator for the Project Controls Group. LiRo has developed an esteemed reputation for accuracy in our various cost control services due in large part to Ed's guidance and leadership.

## Associate

**Abid Ansari, P.E., P.T.O.E.** holds a MS from New Jersey Institute of Technology and has been with LiRo for nine years. Abid has extensive experience in the planning, design, and maintenance of civil and transportation facilities, preparation of environmental impact statements, MPT plans and traffic/transportation operation and safety studies.

**Alex Constantinedes, P.E.** has over 16 years of experience and holds a MS from Polytechnic University. He provides expertise in a complete array of construction management services including estimating, scheduling, project planning and quality control. He has been involved with several projects at the Queens Midtown Tunnel and has over 16 years of experience.

**John DeLucia, P.E.** has over 13 years of experience and is a graduate from Purdue University. He has been involved with projects throughout the New York Metropolitan area with duties that have included resident engineering, planning, surveying, designing and construction management of numerous road and drainage improvement projects.

**Jason Farina, P.E.** has over 14 years of experience in civil engineering and construction inspection and is a graduate from Villanova University. His expertise involves all aspects of highway design including highway drainage design, traffic control, accident analysis, horizontal and vertical alignments, capacity analysis, section design and maintenance and protection of traffic.

**James Gaspari, Esq.** has 13 years of experience at LiRo. James has excellent team leadership skills as well as a great understanding of project management and quality control procedures. During his tenure at LiRo, he has received a Juris Doctorate Degree from Touro Law School providing him with in depth knowledge of construction law and contracts.

**Martial Elie-Pierre** has over 18 years of experience and holds an MS and BS from Columbia University. Since 1999 he has been assigned as a Senior Scheduler working on LiRo's Indefinite Quantities Scheduling Services contract with MTA-New York City Transit. He has received several commendations from MTA-NYC Transit praising his outstanding contributions and technical skills.
